Clarification on charges payable towards existing bore-wells by SPD to KSPDCL

- Karnataka Solar Power Development Corporation Limited (KSPDCL), a JV company of KREDL & SECI is establishing 2000MW solar park in Nagalamadike Hobli, Pavagada Taluk, Tumkur Dist.
- Out of 2000MW, Government of Karnataka has allotted 600MW (500MW under open category and 100MW under DCR category) to NTPC under Batch II Tranche-I of Jawaharlal Nehru National Solar Mission Phase-II, State Specific Bundling Scheme.
- KSPDCL is entering into Principal Lease Agreements with the land owners for acquiring area earmarked for establishing 2000MW Pavagada Solar Park. In accordance with the provisions of said Principal Lease Agreement, KSPDCL is intum sub leasing this land to the Solar Power Developers (SPDs) for setting up of Solar generation projects.
- In some of the survey nos. there are some yielding existing bore-wells and other Horticultural plants etc. The assessed cost towards these shall have to be paid by KSPDCL to the respective land owners.
- It is clarified that the **SPDs need to reimburse the cost towards yielding existing bore-wells and other Horticultural plants etc. to KSPDCL** while entering into Land Sub Lease Agreement and Implementation Support Agreement.
- To this effect the Land Sub Lease Agreement and Implementation Support Agreement uploaded in the KSPDCL website shall be modified.
